

April 15, 2015

To Whom this May Concern:

Elekta Medical SA de CV (Elekta Medical) is a legal company established in México and in operation since April 1st 2015. As a part of our bussines plan, Elekta Medical has acquired some assets from Asesores Electrónicos Especializados SA de CV (AEESA) related to Radiation Oncology products and services. Specifically, as part of the aquasition, Elekta Medical has acquired and assumed all aspects of service and support. Elekta Medical, effective April 1, 2015, has assumed responsibility for all existing executed service contracts and offered service contracts awaiting execution from AEESA. Therefore, effective April 1, 2015 Elekta Medical will perform all service and support for all Elekta products. The terms and conditions of al executed and offered service contracts remain unchanged. In addition, as part of this acquisition, Elekta Medical acquired all AEESA service engineers as a substitute employer.

During the transition period, Elekta Medical is also working to have our own Registration and Licenses from Local Authorities. Being specific about the National Commission on Radiation Safety and Safeguards (CNSNS) Elekta Medical is going to provide the service using the Licenses from Aeesa and also having the same field service engineers acquired from AEESA to provide maintenance and installations. AEESA has agreed with Elekta Medical to allow Elekta Medical to utilize the AEESA service license in which the same AEESA service engineers (now part of Elekta Medical) can continue to peform mainatinance and support.

New or renewal service contracts from April 1st will be offered from Elekta Medical SA de CV.

Customers with executed service agreements can deciede the best way to continue paymments per the terms and conditions of the service agreement;

- 1). The months of Jan, Feb. and March will be invoiced from AEESA and payments shall be made to AEESA.
- 2.) Effective April 1, 2015 to December 31, 2015 you can pay Elekta Medical directly with invoices being sent from Elekta Medical. If an assignment and assumption agreement is required then we would be happy to provide this agreement.
- 3.) AEESA will continue to provide you with your service invoice and you can pay Elekta Medical direcly

4.) You can keep the agreement as is and continue to receive invoices from AEESA, you would pay AEESA, and Elekta Medical will provide the service support. Elekta Medical and AEESA have a plan in place to handle this between our companies.

Please feel free to contact me directly to discuss should you have any questions.

Sincerely,

A handwritten signature in cursive script, appearing to read "Peter M. Gaccione".
