

A photograph of a middle-aged man with short brown hair, wearing a white lab coat over a light blue button-down shirt. He is wearing a headset with a microphone and is smiling while looking at a computer monitor. His hands are on a keyboard. The background is a bright, out-of-focus office or clinical setting.

**MOSAIQ<sup>®</sup> Voice**

Easy, fast, precise  
notes for oncology

## SAVE TIME

Most MOSAIQ Voice users save 30 minutes every day—and some save even more.

“The documentation process is so simple, smooth, and fast now. We see immediate results, and it’s helped tremendously with productivity.”

**Tony Freeman**  
**Christus St. Vincent**  
**Regional Cancer Center**  
**Santa Fe, NM**

## SAVE MONEY

One MOSAIQ Voice client cut 60% of annual documentation expenses.

# Meet MOSAIQ® Voice

## Easy, fast, precise notes for Oncology

### Three words will change your life

Exclusively for MOSAIQ® users, MOSAIQ Voice is the most sophisticated voice-enabled documentation and automation platform on the market today.

#### Puts your voice in command

MOSAIQ Voice deeply integrates speech recognition engines into MOSAIQ—but dictation is just the beginning.

#### Provides fully voice-enabled EHR

The intuitive technology of MOSAIQ Voice uses highly personalized, voice-activated templates to streamline and automate the entire patient documentation process. Just say the word, and you can instantly complete countless critical tasks, import data, reconcile medications, convert scanned files to text, and more.

#### Gives you back time in your day

MOSAIQ Voice has been designed with specific vocal instructions to control menus and functions within MOSAIQ, taking it far beyond just digital dictation. No more data entry, waiting for paperwork or sending follow-up emails, and no

fielding calls about cases you already documented means more time to see patients, conduct research, or spend time with family.

#### Pays for itself—and then some

MOSAIQ Voice clients realize ongoing significant cost and time savings in terms of transcription services, elevating detailed data-driven note quality and making everyone—from the front office to the physicians—more productive.

#### Makes MOSAIQ even better

MOSAIQ Voice was designed for MOSAIQ users. With MOSAIQ Voice, documentation and compliance within MOSAIQ become effortless and automated—with no standalone systems, proxies or other expensive add-ons to manage.

## MOSAIQ Voice gives you more

MOSAIQ® Voice features fully realize the concept of EHR integration, so you can perform key tasks automatically—right from the note—that otherwise would have to be completed elsewhere in MOSAIQ.

- Enter an unlimited number of assessment items to be captured as discreet data.
- Automatically create quick orders or capture charges.
- Start and complete QCLs.
- Use Auto Chart to enter charting data automatically from your note, making billing and MACRA-MIPS reporting a snap.
- You can even complete schedules directly from your note.

## Use across your team

MOSAIQ® Voice comes loaded with OCR and Snip capabilities, plus smart CC list management. It's perfect for therapists, administrators, nurses, or anybody who heavily uses eScribe.

- Create documents and templated eChart notes in MOSAIQ.
- Access everything with a single click, from a personalized menu
- Generate notes for nursing survivorship, teaching, treatment planning and more.

**Key:** ✓ Functionality present

FEATURES	MOSAIQ Voice
